Final severance package for Ford Chennai plant workers

SAJAN C KUMAR Chennai, September 5

try benchmarks, Ford said. In July first week, Ford India had increased the equivalent average days in its severance package offer from the earlier 115 days to 121 days for employees who are supporting production at that time at the Chennai plant. This was made to ensure timely settlement for all employees by July 31. More than half of the 2,700-odd workers agreed to opt for the offer, but those reluctant had asked for a better package to the tune of an average of 2.15 equivalent days.

Declaring the final severance settlement offer, the company has asked employees to accept and sign-up for it for their family's future. The offer is valid from September 5 to September 23, 2022. Further, employees who take the final severance settlement offer will be paid wages till September 30, 2022.

With a cumulative average severance of ₹41 lakh per employee (from a minimum amount of ₹33 lakh and a maximum cap of ₹85 lakh earlier announced), the final severance settlement offer translates to an average of about 4.6 years/56-month salary for each employee (from a minimum of 3.5 years, that is, 43 months to a maximum of 8 years, that is, 100 months), thus assuring employees with adequate financial cushion and time to decide their next action, said Ford.

Ford had rolled out the last vehicle to meet the export commitments of the final assembly at the factory on July 20, inching towards closure of its operations in India by July 31.
